

MOM - 20th March 2025, Thursday

Attendees - Stuti Nainwal, Jay Sudhir Chavan

1. We discussed innovative ideas to finalise the project problem statement and shortlisted a few promising options. We will further explore the technical stack required for each.
2. Additionally, we reviewed the project goals and outlined the expected features to be completed by the end of the course.
3. We also identified a few doubts to clarify with the professor, particularly whether the web app needs to be demonstrated locally or deployed.
